FLOWER SEEDS

THE LARGEST EXCLUSIVE FLOWER SEED HOUSE IN THE WORLD.

THOSE who receive a copy of this book have either sent an order the past season for my flower seeds, or their names have been sent me by some friend who said they were interested in beautiful flowers. If you wish copies sent to friends who have never planted my seeds, I will do so with pleasure, on receipt of their address, FREE of charge.

FREE PREMIUM. 30 CENTS' worth of seeds extra allowed on all orders amounting to ONE DOLLAR; 15 CENTS' worth on all orders amounting to 50 CENTS. This liberal premium is the same as 30 per cent. discount, but must be selected in seeds and order for premium must accompany original order for seeds.

This Premium is allowed on seeds in packets and ounce only.

HOW TO REMIT MONEY. Always send money by one of the following methods : Post Office Order, Express Money Order, Registered Letter or Bank Draft, and if the order is lost or stolen, your money is safe—I especially request my customers to remit money in this way, and I will allow you to select seeds to the cost of the Money Order, Registered Letter or Draft, providing your order amounts to 50 cents. Do not send postage stamps, unless you have no other way of remitting amount; and when you do, two-cent denomination preferred. And Register them. If money is sent any other way than specified above it is at the risk of the sender. Our Canadian patrons need have no hesitancy about remitting Canadian stamps, as we receive them the same as cash—at full face value.

POSTPAID. All seeds sent postpaid and safe arrival guaranteed; all orders received to the amount of \$1.50 and upwards will be forwarded by Registered Mail to purchaser's address, which costs me 8 cents extra, but insures the safe arrival of your seeds. Please sign your name and full address on each and every letter you send.

Quantity of Seed in a Packet. Customers will please note I state number of seeds in a packet, which will enable those wishing to plant borders and beds of a certain length or size to calculate the number of packages required. Full Count Guaranteed. No less quantity than a package can be sold.

FLORAL CULTURE. Containing full cultural directions and points how to grow flowers and seeds, mailed free with every order.

**PLEASE—Do not forget to sign your name and full address on each and every order you send.
All orders for Flower Seeds should be addressed to**

CARRIE H. LIPPINCOTT,

THE PIONEER SEEDSWOMAN OF AMERICA,

319 SIXTH ST. SOUTH,

MINNEAPOLIS, MINN.

MINNEAPOLIS, MINN.,

January 1st, 1903.

IT IS with the greatest pleasure I send my little catalogue for 1903 season to my friends and patrons. I wish to thank you all for the very successful season of 1902. The demand for my seeds obliged me to issue an extra edition of 38,000 catalogues last year, and I trust the coming season may require even a larger extra edition. I have done my best to make the 1903 catalogue better than that of any previous year, and trust that I have been fortunate enough to give just what my friends most want.

A review of my customers' names reveals the pleasant fact that very many remain with me from year to year, giving me continued patronage, and this fact I take to be the highest compliment that could be paid any business, and the best incentive to renewed energy.

The universal cold, wet summer has made seed-growing rather up-hill work, in many instances causing seeds to rot in the ground and preventing germination entirely. Some, no doubt, are very much disengaged, but I earnestly hope not entirely so, and that they will try again, feeling assured that with more favorable weather they will surely reap rich results in beautiful blossoms. At the urgent request of many patrons, I have added a line of roses and vines to my business, which you will find in the copy of *Floral Culture* which goes

with every cash order of seeds, or will be sent on application FREE. I receive a number of letters saying the writers failed to receive a catalogue for several years, to all of which I would reply, I mail a catalogue to all of my customers each year, to everyone who purchases seed, but many of these go astray in the mail. So to all who will drop a card asking for one, if theirs is late in appearing, I will send it with pleasure. I have received so many nice letters from kind friends. I wish it were possible to print and answer them all, but space is limited; so kindly remember that they are all read and fully appreciated, and I answer them as best I can in this general letter in my catalogue greeting. Thanking you all for past favors and hoping for the continuance of your patronage, I am,

Very sincerely yours,

C. H. Lippincott

MISS C. LIPPINCOTT
MINNEAPOLIS, MINN.
2

Asparagus Sprengeri.

New. Perhaps the best new plant introduced within ten years. Highly praised everywhere; handsomest seen drooping from a pot or basket. Sprays 4 to 6 feet long, of fresh, green, feathery foliage; useful for bouquets, wreaths or sprays, remaining perfect for weeks after cutting. Grows freely the whole year round; extremely valuable for all purposes. Flowers white, followed by red berries. Pkt., 10 seeds, 10 cts.

Asparagus, Plumosus Nanus.

This graceful climbing Asparagus has foliage finer than that of the most delicate fern, and will last for weeks after being cut. It is an excellent house plant, succeeding under almost any conditions. Pkt., 10 seeds, 10 cts.

Anchusa Capensis, or Cape Forget-Me-Not.

A hardy annual of more than ordinary beauty. It grows about two feet high, branching freely and bearing a profusion of the most lovely flowers, similar in all respects to the Forget-me-not, though the blossoms are much larger and of finer color. It is always taken for a beautiful, large-flowering Forget-me-not, and for bouquets and cut flowers it is indeed superior to it. Its color is a deep, clear, brilliant blue with a pure white eye; one of the rarest and most lovely shades of that color. It blooms early and continues all summer. Pkt., 150 seeds, 4 cts.

MISS. CH. LIPPINCOTT
MINNEAPOLIS
MINN.
3

Ambrosia.

A hardy annual with long spiral stems, bearing an abundance of small, round, greenish-yellow buds and blossoms which are *exceedingly fragrant*. It is as desirable as the Rose Geranium as a plant with fragrant foliage, and for making up into bouquets and other floral work. Its long, beautiful, fringy spirals of lovely green are unsurpassed. It is one of the easiest plants to grow, and seed may be sown early in open ground. Pkt., 250 seeds, 4 cts.

Alyssum, Little Gem.

The plants are very dwarf. Each spreads so as to completely cover a circular space twelve to twenty inches in diameter. They soon become one mass of white, remaining in full bloom from spring to fall—being densely studded with the beautiful miniature spikes of deliciously fragrant flowers. Pkt., 200 seeds, 4 cts.

Alyssum. Sweet.

Its pure white fragrant flowers are produced from early spring until killed by frost; very useful in all kinds of bouquets. NOTE—For a Cemetery Plant, nothing is more suitable than Sweet Alyssum—requiring but little care and attention and a continuous bloomer throughout the summer. Pkt., 200 seeds, 4 cts.

Angel's Breath, or Gypsophila.

An annual that should be in every garden, for it thrives everywhere, and furnishes the loveliest material for all kinds of bouquets. The tiny little flowers are borne in abundance on long, graceful, branching stems which lend a most graceful, light appearance to any bunch of flowers. Pkt., 250 seeds, 4 cts.

LAWN GRASS

FINEST QUALITY

1 Quart	23 cents
2 Quarts	40 cents

Aquilegia, or Columbine.

Very handsome, ornamental, hardy perennial plants of easy cultivation and bearing in profusion large flowers of novel shape and in a great variety of colors. Double Mixed. Pkt., 150 seeds, 3 cts.

Abutilon, Flowering Maple.

A very popular perennial shrub, with bell-shaped drooping flowers, well adapted to house culture, easily raised from seed, and if sown before April, under glass, plants will bloom the first season. For winter flowering, plant in September. Finest mixed. Pkt., 30 seeds, 5 cts.

Crab's-Eye Vine, Abrus Precatorius.

A most beautiful climber, either for pot culture or the open ground in summer; bears clusters of bright yellow flowers, followed by bunches of pods, which, when dry, burst open, disclosing brilliant red seeds with black eyes, used for making beads and other ornaments, for which purpose they are exceedingly pretty. Pkt., 15 seeds, 6 cts.

Asparagus—Give the Decorative Asparagus plant a rich, well-drained, rather tenacious soil, and keep well watered during summer. Do not shift into larger pots until the pots occupied are filled with roots. Avoid disturbing the roots, as it retards growth. Do not be discouraged if the plants are apparently dormant for a season. In due time they will wake up and throw up more vigorous shoots than any previously developed. Provide shelter from the hot noon-day sun in summer, but in winter allow them all the sunshine they can get.

Ageratum, Imperial Dark Blue.

A plant that blooms continuously all summer in the garden and makes a pleasing contrast of color with more brilliant varieties. I offer seed of the new Imperial Dark Blue as best and most showy. Pkt., 200 seeds, 3 cts.

Ageratum, Dwarf White.

A new variety, very dwarf and compact; pure white. Pkt., 200 seeds, 4 cts.

Acroclinium, Everlasting.

One of the most beautiful and valuable of the everlasting flowers, called by some "Pink Daisies," very effective in borders during the blooming season, and possesses the additional advantage of being available for winter decoration, for which purpose it is now extensively grown. The densely double flowers are faultless, both in shape and color; the flowers are somewhat larger than the single, and, from the seed I offer, about 75 per cent will be double. Pkt., 75 seeds, 3 cts.

ANTIRRHINUM TOM THUMB

Antirrhinum, Tom Thumb (Snapdragon.)

Very dwarf, growing only 8 inches high, thickly studded with beautiful spikes of gay colored flowers, orange, scarlet, rose-white, maroon, striped, etc. Pkt., 250 seeds, 4 cts.

Antirrhinum, New Giaat.

Flowers double the size of the older sorts, more closely set on the stems and colors more clear and brilliant. Plants very compact and bushy, growing about twelve inches high. All colors mixed. Pkt., 200 seeds, 5 cts.

Antirrhinum, Queen of the North.

The finest and most beautiful of all the Snapdragons. The plants grow into handsome, regular bushes, 12 inches high, covered with large white flowers of a deliciously sweet perfume. Suitable for bedding or pot culture. Pkt., 200 seeds, 5 cts.

Arabis Alpina.

Arabis Alpina.

The pure white flowers grow so uniform and thickly that it gives the effect of a sheet of snow. Plants perfectly hardy. The earliest, prettiest spring flower. The spreading tufts are densely clothed with neat, lively green leaves and covered with pure white flowers of the most lovely effect, conspicuous in great distance, especially in large masses on rockeries or broad edgings for park roads, having the advantage of braving the greatest drought during summer and always looking neat. Pkt., 200 seeds, 4 cts.

Mrs. M. V. Allen, Ovid, N. J., March 10, 1902, writes:—I have twice won premiums at a large Union Fair, on Verbenas raised from your seeds.

ASTER NEW VICTORIA

Magnificent flowers, massive and showy, with regular overlapping petals clear to the center. The flowers measure four inches and over across, and are of rich and varied colors. The plants grow very evenly, pyramidal in form, about eighteen inches high, and carry from twenty-five to forty flowers. Over twenty colors mixed. Pkt., 150 seeds, 5 cts.

VICTORIA—snow white. Pkt., 75 seeds, 4 cts.

VICTORIA—bright pink. Pkt., 75 seeds, 4 cts.

VICTORIA—dark crimson. Pkt., 75 seeds, 4 cts.

VICTORIA—lavender shades. Pkt., 75 seeds, 4 cents.

Mrs. B. F. Park, Raleigh, No. Carolina, March 16, 1902, writes: I ordered a lot of seeds from you last May and the Dahlia seed were a perfect success. I think every seed came up and bloomed, and they were beautiful; in fact I took the premium at the State Fair on my Dahlias and Roses.

Aster, New Japanese or Tassel.

The beautiful flowers of this new strain of Asters offer a most striking contrast with those of any other variety. They are of immense size, measuring from five to six inches across, with long petals curiously waved and curled, so as to give them a striking resemblance to the Japanese Chrysanthemums. They grow fourteen or fifteen inches high, are well branched, and produce a number of enormous flowers. Colors, flesh and pink. Pkt., 100 seeds, 5 cts.

Mulch the Asters with manure and note results.

Elsie E. Bradway, Monson, Mass., March 3, 1902, writes: I have catalogues from five other dealers in flower seeds, but as your seeds give satisfaction, I prefer to order from you.

Miss Leilla Norris, New Moscow, Ohio, April 4, 1902, writes: I have ordered seeds from you for the last four years. I find they are unexcelled. I also find you are prompt and always ready to correct mistakes. Success to you.

Harlequin Aster.

A striking Aster of great beauty, upright habits and a profuse bloomer. This new race produces odd flowers of the most handsome and attractive appearance, which continue in bloom a long time. In the gardens of Paris they are considered the most valuable of all varieties on account of their long duration in bloom and remarkably bright and conspicuous colors. Composed of pure white petals, quaintly interspersed in irregular manner, with deep blue and bright red petals. Pkt., 100 seeds, 5 cts.

New Queen Aster.

Very dwarf, bushy plants, growing from ten to twelve inches high, excellent for pot culture as well as for bedding. The flowers are of extraordinary size, perfectly double and resemble the finest Victoria Asters in form. Finest mixed. Pkt., 100 seeds, 5 cts.

PERFECTION ASTER

One of the most perfect and deservedly one of the most popular of all Asters; very double, large and beautiful flowers, with incurved petals; height, 18 inches to two feet; nearly 30 distinct colors, mixed. Pkt., 150 seeds, 5 cts.

PERFECTION—Snow white. Pkt., 75 seeds, 4 cts.

PERFECTION—Pink ball. Pkt., 75 seeds, 4 cts.

PERFECTION—Crimson ball. Pkt., 75 seeds, 4 cts.

PERFECTION—Purple. Pkt., 75 seeds, 4 cts.

It is the seed pods that bring the display of annuals to an early close. Keep the blossoms picked off.

Christina S. Burns, Stevensville, Pa., July 4th, 1902, writes—After four years care of the Bird of Paradise it is now in bloom; it paid for the care it got; it is a thing of beauty to behold. I am very thankful to you for your instructing me to hold on to it. There have been a great many in to look at it.

Aster, Fire King.

The Most Brilliant Aster Ever Introduced.

And the nearest approach to scarlet yet obtained; a color previously unknown in this popular flower, which, for an autumn show of flowers, few others equal. It is very compact, not more than twelve inches in height, with large, beautifully in-curved flowers, and makes a charming companion to "SNOW-BALL." Pkt., 150 seeds, 5 cts.

Aster, Snowball.

A Most Distinct and Handsome Variety, Equally Valuable for Pot Culture and Cut Flowers.

It is a most profuse bloomer, a single plant often producing as many as twenty-five to thirty *pure, snow-white flowers*, globular in form and of extraordinary size. Pkt., 150 seeds, 5 cts.

New Yellow Aster.

The form of the double flower is a perfect ball; the quills are close together and of the *brightest sulphur yellow*, not a mere indication of the color, as in all former productions. The border petals are broad and of a lighter tint, seeming to enclose the flower like a old-fashioned banquet paper. The flowers are borne upon long, erect stems, excellent for cutting. Plants, twelve to fifteen inches high, are of compact, bushy growth, and most abundant bloomers. Pkt., 150 seeds, 5 cts.

Seimple's Branching.

This is a magnificent new American strain, producing handsome double flowers on long stems. Mixed colors. Pkt., 100 seeds, 5 cts.

Asters, Finest Mixed.

Of all the best varieties, such as Victoria, Perfection, Comet, Harlequin, New Queen, etc. Pkt., 150 seeds, 6 cts.

Asters, Good Mixed.

Many bright colors. Pkt., 100 seeds, 3 cts.

Mrs. G. W. Hull, Hibbing, Minn., April 21, 1902.—Last year I answered your ad. in the Woman's Home Companion, 8 packets of Asters for 25 cents. I have always been an admirer of Asters and have seen many fine beds of them, but none to compare with the ones I raised last year from the seeds I received from you. We made a large star and put the red on the outside row, then the white and in the center, blue; it was beautiful. Then I had one bed of the Fire King and white that was greatly admired, for the Fire King was so bright that it dazzled the eye.

New White Branching Aster.

The magnificent, large, double white flowers, quite four inches in diameter, are borne upon long stems, making them excellent for cutting. It is quite different in several respects from any Asters known, and it is only necessary that the character of the plants should be known to make it a favorite with amateurs and florists. Pkt., 150 seeds, 5 cts.

Important Notice.

Those wishing extra early Asters will get them by sowing seeds in January in boxes, and transplanting to other boxes as soon as you can pick them up; there let them remain until time to put in the open ground. This will give you strong healthy plants and blossoms about six weeks sooner than from seeds sown in March and April. The first transplanting gives them just enough set back to prevent their going too much to bush.

New Comet Aster.

The plants of this new variety are perfectly true in character, growing twelve to fifteen inches high, and covered with large double flowers, as shown in the illustration. The flowers measure from $3\frac{1}{2}$ to $4\frac{1}{2}$ inches in diameter, resembling in shape and artistically curved and twisted petals, the finest Chinese Chrysanthemums. Mixed colors. Pkt., 100 seeds, 5 cts.

Comet.

Pure white. Pkt., 75 seeds, 5 cts.

Comet.

Deep scarlet. Pkt., 75 seeds, 5 cts.

Comet.

Light blue. Pkt., 75 seeds, 5 cts.

**One packet each of the entire collection of
Asters (24 packets) for 85 cents.**

MISS C. H. LIPPING CO.
9
MINNEAPOLIS,
MINN.

Bird of Paradise, Poinciana Gillesi.

The color of the flower is a golden yellow, measuring two and a half inches across, with shape as shown in illustration, and it is produced in very large trusses. The most beautiful part of the flower is the large pistils, which are spread out in fan-like form, and are of bright crimson color. The foliage is also highly decorative, reminding one of a very delicate Acacia. If the seed is started early, it will produce blooms in great profusion the first year. Pkt., 15 seeds, 8 cts.

Balsam Apple.

A beautiful climbing plant with apple-shaped fruits, which, if preserved in alcohol, make the most useful liniment. Pkt., 10 seeds, 3 cts.

Every shrub, vine, or fruit-bearing plant, set out judiciously, enhances the value of the home lot.

Begonia, Rex.

Beautiful foliage, justly celebrated as the finest of ornamental pot plants, superb large leaves, of exquisite and rich coloring. Pkt., 50 seeds, 10 cts.

BEGONIA.—Tuberous rooted, single mixed. Seed saved from finest colors. Pkt., 100 seeds, 8 cts.

BEGONIA.—Tuberous rooted, double mixed, from the finest and best colors. Pkt., 50 seeds, 10 cts.

Begonia, Vernon.

One of the most satisfactory pot plants for the house, and a popular bedding plant for the garden or lawn. It blooms with the greatest profusion throughout the summer. Flowers a brilliant orange carmine with bright yellow centers, and the foliage waxy and glossy. It is easily raised from seed, and comes absolutely true. Valuable for bedding and general culture. Pkt., 100 seeds, 5 cents.

Defiance Balsam, Lady Slipper.

The most perfect in form and largest double flowered Balsam yet developed, and by careful growth and selection, has attained a standard that will be found hard to improve. The Mixture which I offer is composed in nearly equal proportions of eight colors: Rose, Rose-White Spotted, Pink, Scarlet, White Tinted Violet, White Spotted, Scarlet-White Spotted and Purple; each having been grown separately. Pkt., 30 seeds, 4 cts.

Balsam, Good Mixed.

A splendid strain, good colors and large double flowers; not equal to "Defiance," but gives good satisfaction. Pkt., 30 seeds, 3 cts.

Mrs. W. U. Call, Waterloo, Que., Canada, March 24, 1902, writes:—I was quite delighted with the success I had with your seeds last year, especially the carnations. From one package of seeds I had thirty-seven strong healthy plants. Most of them blossomed in the garden. I potted seven for the winter and have not been without blossoms in all winter.

Bean,

Scarlet Runner.

A Favorite Old-Fashioned Climber. One of the very few beans that are both ornamental and useful. It grows rapidly to a height of ten or twelve feet, and is covered from July until heavy frost with clusters of beautiful scarlet flowers. Pkt., 10 seeds, 4 cts.

Bryonia, Lacinosa.

A beautiful climbing annual of rapid growth and easy culture, with handsome cut-leaved foliage, bearing attractive green fruits which change in color as the season advances, to bright scarlet striped with white. Pkt., 20 seeds, 3 cts.

FOR

WINTER-BLOOMING.

Do not fail to get a supply of Chinese Primroses for winter-blooming. Do this during July and August, so they may become well established before cold weather. Keep in partial shade and water moderately. A dozen plants well grown will yield a whole windowful of bloom during winter.

Bachelor's Button.

Bachelor's Button, Double.

It has been so perfected that fully eighty per cent. of the flowers are double and semi-double; are also increased in size and present many bright colors and distinct markings which have hitherto been unknown in this old fashioned favorite flower. Pkt., 50 seeds, 4 cts.

Bachelor's Button, Single.

Mixed, including dark and light blue, purple, pink, rose, white, etc. Pkt., 50 seeds, 3 cts.

MISS C.H.LIPPINCOTT
MINNEAPOLIS
MINN.
11

Clematis, Paniculata.

Japanese Virgin's Bower. Hardy Perennial.

This is one of the few really good hardy climbers. The leaves are of a bright, glossy green, and when in bloom it astonishes with the quantity of flowers, the plant being completely hidden beneath a blanket of white hawthorn-scented blossoms; a grand plant for piazzas, fences, in fact, any position where a climber is wanted; it is just the thing for covering terraces or embankments, does equally well in sunshiny or shade, and stands unrivaled as a plant for the cemetery. Soak the seed in warm water for 24 hours before sowing. Pkt., 50 seeds, 8 cts.

Don't let the Coleus plants blossom; the blooms don't amount to anything, and so much strength is taken from the leaves.

Coleus.

One of the best known and most universally admired ornamental foliage plants, in an endless variety of colors and shadings, indispensable for ribbon and carpet bedding, or as single specimens. Coleus seed germinates easily, and success is as sure as with an ordinary annual. Pkt., 150 seeds, 5 cts.

Cockscomb, Queen of Dwarfs.

This is the best dwarf-growing Cockscomb; the plants only grow about eight inches high, are firmly set in the crown with well-balanced, large heads, ten to twelve inches across. They grow very uniformly and present an unusually solid effect in color, which is rich, ruby red, of extreme brilliancy. Pkt., 200 seeds, 5 cts.

Cockscomb.

Mixed. Pkt., 100 seeds, 3 cts.

Chrysanthemum, or French Marguerites.

Annual varieties much grown for cut flowers. The plants grow twelve to eighteen inches high and produce on long stems beautiful large flowers of many bright colors. They flower all summer in the garden, and make elegant pot plants for winter flowering. Pkt., 100 seeds, 3 cts.

Chrysanthemum, Indorum Plenissimum.

Although a perennial, it flowers abundantly the first year from seed, each plant producing hundreds of beautiful, perfectly double, snow-white flowers unsurpassed for bouquets. It remains in bloom all summer, and is in all respects one of the handsomest and most valuable of flowers. Pkt., 150 seeds, 5 cts.

Chrysanthemum, Fancy Perennial.

From the best Incurved, Pompon, Japanese, Chinese and Anemone-flowered varieties. Seed sown in the hot-bed in February or March, or even April, will give plants that will bloom in August or September, and cannot fail, with proper care, to give magnificent flowers in a wonderful variety of colors and forms. Pkt., 100 seeds, 8 cts.

For List of Plants See FLORAL CULTURE, a copy of which will be sent free on application. Make order for Plants on separate sheet of paper from seed order, and address to MISS LIPPINCOTT.

Cobaea Scandens.

A beautiful, large, bell-shaped flower, green at first, but rapidly changing to a beautiful deep violet-blue. A well established plant will run thirty to forty feet a season. Pkt., 20 seeds, 5 cts.

AN ANNUAL
MISS C.H.LIPPINCOTT
MINNEAPOLIS,
MINN.
13

Canary-Bird Flower.

Canary-Bird Flower *Tropaeolum Canariensis.*

One of the most beautiful annual climbers, with bright green foliage, delicately cut and very ornamental. The flowers are bright golden yellow, bearing a fanciful resemblance to birds with expanded wings. Succeeds best in a cool, slightly shaded situation; also does well as a pot or basket plant for the window or conservatory. Pkt., 25 seeds, 4 cts.

Crozy's New Dwarf Cannas.

One of the most popular of bedding plants, while even single specimens are most attractive in the garden. They will bloom the first year from seed, if you soak them in boiling water over night; sow singly in small pots as soon as convenient, and grow as rapidly as possible. The roots can be kept in the cellar over winter and each clump will give six to eight good roots for planting out the following spring. Pkt., 12 seeds, 4 cts.

Cannas. Tall. Old Type.

A mixture of all the best tall growing varieties. Pkt., 12 seeds, 3 cts.

Mrs. Chas. Pollman, Louisiana, Mo., Feb. 20, 1902:—My Cineraria and Wall Flower are lovely at present writing; they are from seeds sown in March, '01.

Otto H. Fitzsimmons, Gloucester, Mass., Feb. 8, 1902:—The Aster seeds I had from you last year were par excellence, the best I ever had.

Crozy's New Dwarf Cannas.

Carnations, Perennial Varieties.

Indispensable plants for both pot culture in the greenhouse, window garden and open ground culture in summer; of innumerable colors and delicious perfume. The plants may be set in the open ground during the summer, where they will flower as profusely as when grown in pots in the house. Half hardy perennials.

Double Mixed—Producing many double flowers of all shades and colors. Pkt., 75 seeds, 6 cts.

Extra Fine Double Mixed—Seeds saved from the finest and choicest German, French, Italian and English stocks. Pkt., 75 seeds, 8 cts.

Grenadin Scarlet—Very early, habit dwarf and compact, brilliant double scarlet flowers. Pkt., 75 seeds, 8 cts.

Grenadin White—Double early flowering, white. Pkt., 75 seeds, 8 cts.

Calceolaria, Hybrida.

A remarkably pretty climber. Ivy-like foliage, bright and luxuriant, never troubled with insects, and admirably adapted for trellises, arbors, etc. The small flowers are soon followed by numerous fruits two inches long, which turn to brilliant scarlet, spotted with white, rendering the vine very pretty. Pkt., 25 seeds, 5 cts.

Centrosema, Grandiflora.

A favorite and universally admired plant, remarkable for their large, beautifully spotted blossoms, which are very showy, and from which an almost countless number of hybrids have been raised. They are perennial, are grown in pots in the conservatory, greenhouses and gardens. Mixed colors. Pkt., 150 seeds, 0 cts.

MARGUERITE CARNATION

A magnificent class of Carnations that will bloom in four months after sowing the seed. They are without exception the most abundant bloomer of all the "pinks." The flowers are of brilliant colors, ranging through many beautiful shades of reds, pinks, white, variegated, etc. It is a most valuable acquisition, as Carnation flowers can be had all summer and winter, if consecutive sowings are made. Pkt., 100 seeds, 5 cts.

Centrosema Grandiflora.

A hardy perennial vine which will bloom in June or July from seed sown in April, and bears in the greatest profusion inverted, pea-shaped flowers from $1\frac{1}{2}$ to $2\frac{1}{2}$ inches in diameter, ranging in color from a rosy violet to a reddish purple, with a broad feathered white marking through the center, while the large buds and back of the flowers are pure white, making it appear as if one plant bore many different colored flowers at one time. Pkt., 20 seeds, 4 cts.

MISS C.H.LIPPINGOTT
MINNEAPOLIS,
MINN.
15

Giant Empress Candytuft.

A magnificent variety with enormous flattened heads of large pure white florets. Good stems. Pkt., 150 seeds, 5 cts.

Candytufts, Hardy Perennial. *Sempervirens*.

A profuse white blooming hardy perennial, coming in flower early in the spring. Much used for cemeteries, rockeries, etc.; 1 foot. Pkt. 6 cts.

Candytuft, Snow Queen.

A valuable and distinct species of great beauty. It is an annual variety and grows very rapidly, quickly coming into bloom, remaining in full flower for about three months. It bears but little foliage, and the mass of white produced makes it useful for borders. Pkt., 150 seeds, 4 cts.

Candytuft, Mixed.

All colors. Pkt., 200 seeds, 3 cts.

Chinese Lantern Plant, *Physalis franchetti*.

The plant produces numerous large, inflated husks, much the shape of Chinese lanterns, at first a beautiful green color, changing to a yellowish hue and then to brightest scarlet, and as they hang suspended among the green foliage they present a most novel and strikingly beautiful appearance. Branches cut and dried retain their rich and brilliant color, and make most beautiful winter bouquets when used with dried grasses or leaves. The plant grows from one and one-half to two feet in height. Treated like a Tomato it grows and fruits freely from seed the first season, yet the plants are perennial and may be wintered in the cellar or grown in pots as a window plant. Pkt., 50 seeds, 6 cts.

CANTERBURY BELLS

Campanula, Canterbury Bells.

Weil-known popular perennials, producing bell-shaped flowers of many different colors very freely throughout the summer. Single Mixed, Pkt., 150 seeds, 3 cts.

Campanula, Double Mixed.

NOTE.—The seed saved from double flowers will always produce some single flowers, no matter how careful the selection. Pkt., 150 seeds, 4 cts.

New Double Calliopsis.

A handsome double variety, flowers of a rich golden yellow color, with wine-maroon spots. Pkt., 200 seeds, 4 cts.

Calliopsis, Or Coreopsis Single.

Very handsome and showy plants of the easiest culture, require no care and thrive in any garden. Produce flowers in nearly every shade of yellow, orange, crimson, red, brown. It is one of those flowers which will grow in any situation and always be greatly admired. Mixed colors. Pkt., 200 seeds, 3 cts.

Calliopsis

Golden Wave.

A row of this plant is truly a wave of gold, and nothing but its brilliant yellow color can be seen, so numerous are the blossoms. It is of compact growth. Flowers very large, exceedingly showy and are produced in great masses all summer. Pkt., 150 seeds, 5 cts.

Cineraria, Hybrida.

One of the most popular of all greenhouse plants, and what a splendid display they make when well grown. I know of no plant so easily grown as the Cineraria. The secret of growing well is to grow fast, never allowing them to receive a check either from being pot-bound, dryness of root, or attack of insects; the cooler they are kept the better. In colors they range from crimson, magenta, violet, purple and variegated. Large flowering mixed. Pkt., 100 seeds, 8 cts.

Clanthus Dampieri, Glory Pea.

One of the most gorgeous plants in cultivation, with clusters of pea-shaped bright scarlet flowers, each flower marked with intense black spots in the center. Plant grows about three feet high. Pkt., 15 seeds, 6 cts.

MISS C. H. LIPPINCOTT
17
MINNEAPOLIS,
MINN.

Centaurea Imperialis.

Centaurea Imperialis is of the easiest culture and flowers continually from early spring until fall. Flowers are double the size of Centaurea Marguerite, of various tints and colors, pure white, lilac, rose, purple and dark red, supported on long stems, which renders them very desirable for cut flowers and corsage bouquets. They have the same delicate odor and form as the Centaurea Marguerite. Mixed colors. Pkt., 50 seeds, 6 cts.

Centaurea Marguerite.

The most fragrant and longest keeping cut flower. One of the most valuable introductions of late years. The flowers are the size of a medium Carnation, freely produced on long stems, which renders them valuable for cutting; color pure white, pale sulphur-yellow and lavender. The flowers are sweet-scented, and their lasting quality after being cut is remarkable. The plants grow about eighteen inches high and are of the easiest culture; from spring-sown seed they commence to flower in July and continue until late in the autumn. The novelty is entirely distinct from all other Centaureas, and undoubtedly the most beautiful variety known. Mixed colors. Pkt., 75 seeds, 5 cts.

Calendula, Double Yellow.

Flowers extra large and very double, slightly imbricated, while those of the center are in-curved like the petals of a Peony. Color, bright golden yellow or orange. From seed sown in the open ground it comes into flower early. Pkt., 100 seeds, 3 cts.

Calendula, Double White.

Similar to the yellow, except in color, which is pure white, and flowers smaller. It is equally as free blooming, and the fine double flowers are very showy. Pkt., 100 seeds, 3 cts.

New Early Blooming Cosmos, Dawn.

This beautiful new strain produces abundantly well-formed lovely flowers of large size; pure white, pink, and crimson in color. It can be had in bloom from July to November and grows freely everywhere. Pkt., 100 seeds, 5 cts.

Cosmos Hybridus.

Seed sown in April or May and transplanted to open ground will produce plants five or six feet high by September, and from them until November will be covered with hundreds of blossoms three inches across, resembling single Dahlias. All colors mixed. Pkt., 100 seeds, 4 cts.

Cosmos, White Pearl.

Large, pure white flowers, very valuable for florists. Pkt., 75 seeds, 4 cts.

Cosmos, Pure Pink.

Beautiful large flowers of a clear, delicate pink color. Pkt., 75 seeds, 4 cts.

Cyclamen, Persicum.

Well-known bulbous rooted plants, universal favorites as pot plants for winter and spring blooming, producing handsome red and white flowers, with beautiful variegated foliage, in different shades of green. The seed should be sown in the spring, and by autumn will produce a bulb which will blossom the following spring. Mixed. Pkt., 20 seeds, 5 cts.

Cyclamen Giganteum.

Flowers of extraordinary size, and of great substance. The leaves are proportionately large and beautifully marked. Pkt., 20 seeds, 8 cts.

Cypress Vine.

A most beautiful vine with delicate fern-like foliage and beautiful star-shaped rose, scarlet and white flowers. Seed very slow to start growth. All colors mixed. Pkt., 50 seeds, 3 cts.

Cleome Pungens, The Giant Spider Plant.

Pkt., 150 seeds, 4 cts.

For List of Plants See

Floral Culture, A copy of which will be sent free on application. Make order for plants on a separate sheet of paper from seed order, and address to
MISS LIPPINCOTT.

Dianthus, or Chinese Pinks.

BEST MIXED.

One of the most useful and desirable plants, and for beauty and variety of colors and markings cannot be surpassed, ranging from pure white to the most delicate pink and glowing deep crimson. A bed of these in the flower garden will make a grand display at small cost. The mixture I offer includes, besides the standard sorts, all the new and brightest colors in spotted, striped and handsomely fringed varieties of late introduction, both single and double. I guarantee it will give satisfaction with any other strain offered. Pkt., 100 seeds, 4 cts.

Dianthus, Hedewiggii. Finest Single, Mixed.

Flowers two to three inches in diameter. Most beautiful and brilliant colors. Pkt., 100 seeds, 4 cts.

Dianthus, Dwarf Fireball.

The most brilliant annual pink in cultivation; the plants are constantly covered with blood-red, perfectly double, laciniated flowers until checked by severe frosts. Pkt., 100 seeds, 4 cts.

DIANTHUS OR CHINESE PINKS

Dianthus, Dwarf Snowball.

This beautiful dwarf variety belongs to the Hedewiggii class of Dianthus. The plants are very compact dwarf growth and are covered with lovely, spotless, snow-white flowers, very full and double. From its dwarf growth it is very attractive for edgings, while the flowers are also very useful for cutting for bouquets. Pkt., 100 seeds, 4 cts.

NEW LARGE-FLOWERED DWARF DOUBLE HYBRID PINKS.

The plants grow only nine to ten inches high, with extra large double flowers, frequently measuring three inches across—of perfect form and brilliant colors, ranging from pure white to deep crimson, while many are beautifully variegated and fantastically marked. Blooming freely the first season. Pkt., 100 seeds, 4 cts.

Dianthus, Plumarius. Pheasant's-Eye Pink.

Dianthus, Plumarius, is the old-fashioned Grass Pink. It is perfectly hardy, blooms very profusely in early summer, and is admirable on account of its delicacy, showiness and fragrance. Its use either as a cemetery or garden flower is always satisfactory. Pkt., 100 seeds, 3 cts.

The Blue Daisy, *Agathaea Coelestis*.

The flowers are the very counterpart of the Paris Daisy. It makes a very pretty object for summer decoration in the flower garden; of easy growth and the plant may be had in flower all the year round. It is allied to Cineraria, and requires about the same treatment. A fine winter bloomer. Pkt., 150 seeds, 5 cts.

PERENNIAL SEEDS.

June is the time to sow seeds of all perennials. The plants will make a fine start before winter and will furnish early bloom next spring.

Mrs. J. R. Francis, Milton, N. Y., February 15, 1902.—The Balsam seed I received from you last year gave me a plant for each seed, and the blossoms were the most magnificent in color and size I have ever seen.

Bertha E. Morse, Abingdon, Ill., March 5, 1902, writes:—I look forward every spring to the coming of your little catalogue. Have always found your seeds reliable.

Orange Daisy, *Erigeron Aurantica*.

A beautiful perennial plant, somewhat resembling an Aster, but having the ray-florets in several series; flower heads flat, about two inches across, bright orange color, on strong, stout stems. They are of very easy culture in common garden soil and form elegant subjects for mixed borders. In a moist, well drained situation will flower the first season if started early in the house. Pkt., 150 seeds, 5 cts.

Digitalis, Fox Glove.

A handsome and ornamental hardy perennial of stately growth for shrubberies and half shady places. Pkt., 300 seeds, 3 cts.

C. Umbach, Lakeview, Oregon, February, 1902, writes: Dear Madam—The seeds sent last year were by far the best seeds I ever received from a seed house, and I believe that a man can not be in it with a woman growing plants.

Mrs. Geo. Betts, Louise Bridge, Manitoba, Canada, March 31, 1902, writes:—It is with pleasure we send our seed order to you, as we have had such success in past seasons.

MISS C. H. LIPPINCOTT

MISS C. H. LIPPINCOTT
MINNEAPOLIS, MINN.
22

Double Daisy. *Bellis Perennis.*

Daisies are easily grown from spring sown seed and come into flower in a very short time. The flowers are white, pink, red and variegated. *Not all will come double from seed.* Finest mixed. Pkt., 100 seeds, 4 cts.

New Snowball Daisy.

A beautiful white flowered variety having very long stems with large double flowers, about 80 per cent of which are extremely double. Pkt., 100 seeds, 5 cts.

Dolichos (*Hyacinth Bean.*)

Delphinium, or Larkspur.

Delphinium, Larkspur.

Well known annuals of great beauty and remarkable for the richness of their colors, and for large gardens are invaluable. Mixed. Pkt., 100 seeds, 3 cts.

Delphinium, Formosum.

A hardy, perennial variety, flowers bright blue with white center. Pkt., 100 seeds, 3 cts.

Dolichos, Hyacinth Bean.

This beautiful annual climber should have a place in every flower garden. It is of very rapid growth. Pkt., 30 seeds, 4 cts.

Dahlia, Double.

Everyone knows and admires the Double Dahlia, but comparatively few are aware that it can be grown so easily from seed, and flowers so beautifully the first season that the purchase of bulbs is a needless expense. Choice mixed, Pkt., 50 seeds, 5 cts.

Dahlia, New Striped Single.

The extra large single flowers, quite four inches in diameter, comprise a wonderful variety of colors, beautifully striped, flaked, mottled and dotted in a grotesque and charming manner. Pkt., 40 seeds, 3 cts.

Pure white, Pkt., 30 seeds, 6 cts.

Datura Cornucopia, "Horn of Plenty."

Discovered in South America by a collector of Orchids. The plant is of robust habit, with thick, dark brown-purple, shining stems. The branches are numerous, spreading three or four feet; thick, large, dark green colored leaves. The flowers are trumpet-shaped, measuring eight or ten inches in length and five to seven inches across the mouth, and form *three distinct flowers growing each within the other*. The mouth of corolla is a most delicate white, beautifully marbled with royal purple. A single plant gives from 200 to 300 fragrant blooms during the season, followed by a large thorny seed vessel, which adds to its beauty; is of the easiest culture; plant at the end of May in a warm, rich soil; can be cultivated as an isolated specimen, in masses, for centers of beds, or to fill barreus places, and produces a striking effect. Pkt., 15 seeds, 4 cts.

Datura, or Trumpet Flower, Mixed.

Large branching plants, producing handsome double and single trumpet-shaped blossoms, white, blue, yellow and lilac, of exquisite fragrance. The blossoms open during the night, remaining open one day, and then perish. They bloom freely from seed sown in the open ground the first season, and the roots can be taken up and kept over winter. Pkt., 20 seeds, 3 cts.

Mrs. L. M. Greeley, North Sutton, N. H., September 15, 1902, writes:—My Petunias from seed I had of you last spring are the handsomest I ever saw. They are the large-flowered kind and are admired by all who see them. I am very much pleased with them and shall take up all I can spare room for and have them blossom in the house.

ESCHSCHOLTZIA - CALIFORNIA POPPY

Hardy annual, growing about one foot high, bearing a profusion of rich yellow flowers about two inches in diameter, making a blaze of color in the sunshine and fully as valuable as the common poppy for garden ornamentation, and as easily grown. Pkt., 200 seeds, 3 cts.

Fuchsia, Procumbens. The Trailing Fuchsia.

This species makes one of the prettiest trailing plants imaginable. While the flowers are small the vines are of graceful habit, with pretty leaves and bright red berries, which make a fine effect hanging over the sides of a pot, basket or vase; berries are about the size and shape of robins' eggs, of deep crimson red, ornamenting the plant for as long as six months at a time. Pkt., 20 seeds, 8 cents.

For List of Plants

See FLORAL CULTURE, a copy of which will be sent free on application.
Address all orders to

MISS LIPPINCOTT.

Fuchsia, Double and Single Mixed.

Fuchsias are as easily grown from seed as from cuttings, and from seed many new varieties are obtained. They will flower freely the first year in the open ground, while the plants can be taken into the house in the winter, where they will flower still more freely. The seed I offer has been saved from the very finest double and single varieties. Pkt., 25 seeds, 10 cts.

Mrs. H. G. Reiser, Uhrichville, Ohio, March 6, 1902, writes: — I purchased one of your 12-cent bargain collections last year and planted the seed, in addition to some fine Geraniums, in five large window boxes. They were a great success as they were a mass of bloom all summer, and were the admiration of the whole community.

Forget-Me-Not, "Victoria."

Of stout and bushy habit of growth, bearing umbels of large, bright, azure blue flowers, with central double blooms, and when fully grown, is quite globular in shape and perfectly covered with flowers. This beautiful Forget-me-not is the best for carpet bedding, edgings and masses, and for growing in pots. Pkt., 150 seeds, 5 cts.

Feverfew, Double, Matricaria Eximia.

A fine old-fashioned bedding plant; also suitable for pot culture. It grows about eighteen inches high, with numerous branching flower stems, which are literally covered with very double, pure white flowers an inch in diameter. The great profusion of fine flowers, with long, slender stems, makes it valuable to grow for cut flowers and as desirable as a good Aster. Blooms until frost. Pkt., 150 seeds, 3 cts.

Gaillaadia, New Double.

Large, double flowers, valuable for cutting. The colors embrace sulphur, golden yellow, orange, amaranth and claret. Pkt., 100 seeds, 4 cts.

Godetia.

Godetia, Finest Mixed.

Beautiful hardy annuals, remarkable for the delicacy of their very fine large blossoms; flowers deep rose pink, rosy carmine, snow-white with bright carmine rose spots, carmine, crimson, lilac with purple and white. Pkt., 200 seeds, 3 cts.

Gourds, Ornamental.

Tender, annual climbers, with curiously shaped fruit in various colors, many of which are peculiarly marked. Pkt., 25 seeds, 3 cts.

Gomphrena, Globe Amaranth.

A desirable everlasting, valued for its handsome globular flower heads. Pkt., 100 seeds, 3 cts.

Geranium, Finest Mixed.

The most popular plant grown, either for pot culture in winter, or for bedding out in summer. No flowering plants are more grown, and certainly none are more suitable for large beds, where a mass of bloom is desired, or for single specimens in pots for the house. But a few are aware that they can be grown easily from seed, and flower the first season if sown early, and will frequently reward the cultivator with charming new varieties; in fact, propagation by seed is the only sure way to obtain new varieties. The seed I offer has been saved from twenty-five of the finest varieties grown. There can be no finer mixed Geranium, and it cannot fail to bring forth some splendid new varieties. Pkt., 50 seeds, 10 cts.

GERANIUM.—Good mixed. Pkt., 30 seeds, 6 cts.

Geranium.

Apple-scented leaves delightfully fragrant, highly prized for bouquets. Pkt., 30 seeds, 10 cts.

Ice Plant. *Mesembryanthemum*

A handsome and curious plant, for hanging baskets, rock work and vases. The leaves and stems appear as though covered with icy crystals and look like rock candy. The whole plant is peculiarly brilliant in the sunshine. Pkt., 200 seeds, 3 cts.

Impatiens Sultani.

This most distinct and beautiful plant is almost a perpetual bloomer. The flowers are of a brilliant rosy scarlet color, and are produced so freely that a full-grown specimen appears to be a ball of flowers, and continues in full beauty several months. Pkt., 20 seeds, 4c.

Gloxinia.

The Gloxinia is a grand flower and makes a lovely pot plant as easily grown and cared for as many of the common flowers. The handsome, bell-shaped flowers embrace a great variety of the richest and most beautiful colors, ranging from pure white to dark blood-red, pink, blush, lavender, indigo blue, marbled and spotted. They will bloom in four to five months from time the seed is sown. Pkt., 100 seeds, 10 cts.

Helichrysum.

A very popular everlasting, large, full double flowers of various colors, from bright yellow to scarlet, shaded and tipped. Handsome bouquets may be formed of them for winter, if blossoms are gathered when on the point of expanding. Pkt., 100 seeds, 3 cts.

Hollyhock, Prize Double.

The perfect doubleness of the magnificent, large flower will please the most critical. All the best colors from deep yellow, red rose, light buff, carmine scarlet, flesh color, creamy white tinted with rose, purple, yellow on dark ground, crimson flaked with salmon, cherry red, cream on violet ground, lilac on brown ground, dark crimson to pure white, also black. If sown early in March or April, the plants will bloom the first year. All colors mixed. Pkt., 50 seeds, 5 cts.

Hollyhocks, Double Allegheny

Of many rich colors, the grand double flowers of this new strain are remarkable for their extra large size and novel forms. The hardy plants remain long in bloom. Pkt., 50 seeds, 7 cts.

Hibiscus, Golden Bowl.

This is a plant which grows about two feet high and begins to bloom early from spring-sown seed, the enormous flower measuring five or six inches across, beautifully cupped and of the most exquisite, soft canary yellow with a large, black center. These beautiful flowers are borne in great profusion all summer, and if the plants are potted before frost, will continue to bloom in the window all winter. Pkt., 30 seeds, 6 cts.

Helianthus, Sunflower. (*Globosus Fistulosus*.)

The best and most effective of all annual sunflowers; flowers immense, from twelve to fifteen inches in diameter, globular and extremely double. For a background to a lawn or to hide unsightly places, it is especially adapted. Of easy culture as well as showy. Pkt., 30 seeds, 3 cts.

MISS C.H. LIPPINGCO.
MINNEAPOLIS,
MINN.
27

Humulus Japonicus.

Variegated Japanese Hop.

One of the most rapid climbers grown; seeds can be sown in the open ground in spring and it will attain enormous dimensions very quickly. The foliage is luxuriant and variegated. It is one of the best plants for covering verandas and trellises. Heat, drought and insects do not trouble it. Pkt., 30 seeds, 4 cts.

Mrs. Mary Lockhart, Port Townsend, Wash., Feb. 11, 1902, writes:—I think almost every seed I planted of yours last year, grew, so I am trying them again, and wish you success.

Heliotrope.

Heliotrope is a universal favorite on account of its delightful fragrance and duration in bloom, flowering equally well as bedding plants in summer, or as pot plants in the house during the winter. Seed sown in the spring makes fine plants for bedding out, and are as easily grown as verbenas. Pkt., 100 seeds, 4 cts.

Heliotrope, Lemoine's Giant.

Of vigorous growth and producing heads of flowers double the size of the old sort. Pkt., 100 seeds, 6 cts.

Lantana.

Well-known shrubby plants, with clusters of verben-like flowers, and producing their pink, yellow, orange and white heads in great abundance. They have an agreeable aromatic perfume. Mixed. Pkt., 30 seeds, 5 cts.

Lavender, Old-Fashioned Sweet.

A well-known, sweet scented, hardy perennial, bearing long spikes of blue flowers. Pkt., 100 seeds, 3 cts.

WALKER'S EXCELSIOR PLANT FOOD
25 and 50 Cents a Package

Lobelia, Star of Ischl.

Lobelia.

A very valuable and beautiful class of mostly dwarf growing plants; their delicate drooping habit, and the profusion of their charming little blue and white flowers render them exceedingly ornamental for vases or hanging baskets and rockeries, blooming from June to November, while for border cultivation they are equally effective. Mixed colors. Pkt., 300 seeds, 3 cts.

Lobelia, Star of Ischl.

Of very dwarf, erect growth, forming dense balls of charming azure blue flowers. Pkt., 200 seeds, 4 cts.

Lobelia, White Gem.

The best dwarf white variety. Pkt., 200 seeds, 4 cts.

Linaria, Kenilworth Ivy.

A very pretty and well-known hardy perennial trailing plant, for covering rock work and very useful for hanging baskets. The flowers are small but pretty, and for a drooping plant nothing can be better as it is easily grown from seed. Pkt., 150 seeds, 4 cts.

Linum, Crimson Flax.

Excellent for clumps or edgings and one of the best and most showy hardy annuals for bedding. May be raised in any quantity from seeds sown in March or April where the plants are intended to flower. They are not at all fastidious regarding soil, doing well in any ordinary garden. Pkt., 100 seeds, 3 cts.

Mrs. John Seccord, Box 58, Britton, S. D., writes:—I have grown your seeds for five years and think they are the surest I ever grew, and also cheapest.

MISS C. H. LIPPINCOTT
29
MINNEAPOLIS,
MINN.

Mignonette, Machet. True.

An entirely new and distinct sort of great merit. It is of dwarf and vigorous growth with massive spikes of deliciously scented red flowers. Pkt., 200 seeds, 4 cts.

Mignonette, Golden Queen.

Very fine variety, flowers of golden hue; highly effective; of dense pyramidal habit and deliciously fragrant. Pkt., 200 seeds, 3 cts.

Mignonette, New Giant Red.

The flower spikes are of the largest size, unequalled by any other variety, while the color is uniform and strikingly distinct red. Pkt., 200 seeds, 4 cts.

Mignonette, Giant White.

Similar to Giant Red in size of spikes, but in color pure white and is quite showy in growth. Not as fragrant as the colored varieties. Pkt., 200 seeds, 4 cts.

Mignonette, Sweet. Reseda Odorata.

A favorite on account of its fragrance. Pkt., 200 seeds, 3 cts.; oz., 8 cts.

Marigold, The Eldorado.

The large bushy plants are each a ball of brilliant colors, many single plants having seventy-five flowers in bloom at one time. The flowers are from three to four inches in diameter, imbricated and perfectly double. They embrace four shades of color—the lightest primrose, lemon, golden yellow and deep orange. Pkt., 100 seeds, 3 cts.

Dwarf Marigold, Gilt Edge.

The center of the flower is a rich, velvety, deep black-brown surrounded by a bright golden ring. The edges of the petals are slightly undulated, which greatly adds to its pleasing appearance. Pkt., 100 seeds, 3 cts.

Marigold, French Mixed.

A class of showy and extremely effective plants, with fine double flowers of rich and beautiful colors; very well adapted for large beds and bordering. Pkt., 100 seeds, 3 cts.

Marigold, Legion of Honor. Dwarf Single.

The blooms are of medium size, rich golden-yellow, with the center of each petal broadly marked with velvety crimson-brown, and with clustering stamens in bright shades of orange-yellow. Blooms abundantly from July until cut down by frost. So easily raised from seed that I strongly recommend it to everyone. Pkt., 100 seeds, 3 cts.

Imperial Japanese Morning Glories.

They measure from four to six inches across, and their greater substance causes them to remain open much longer than ordinary Morning Glories. The colors of the flowers, shadings and markings, are limitless, and are really wonders of nature, of such incomparable beauty that descriptions are inadequate. Pkt., Single and Double Mixed, 75 seeds, 5 cts.

Tall Morning Glories, Old-Fashioned.

All colors mixed. Pkt., 75 seeds, 3 cts.; oz., 8 cts.

Mimulus, Monkey Flower.

Tender looking plants with singularly shaped and brilliantly colored flowers, blotched and spotted in every conceivable manner. Excellent for baskets or vases, while they thrive well in the open garden. Fine hybrid mixed. Pkt., 100 seeds, 3 cts.

Mimulus Moschatus, Musk Plant.

A well known and favorite plant. Cultivated on account of the musky odor of the plant. Pkt., 100 seeds, 3 cts.

Mimosa, Sensitive Plant.

An interesting and curious plant. The leaves will close and droop at the slightest touch. Mostly grown as a curiosity. Pkt., 12 seeds, 3 cts.

Marvel of Peru, Four-O'Clock.

It is one of the most brilliant and showy plants that can be grown with little or no trouble. Finest mixed. Pkt., 25 seeds, 3 cts.

NASTURTIUMS

Dwarf Nasturtiums, Aurora.

The ground color is a chrome-yellow, the upper petals being of a somewhat lighter tint, while the two lower petals are spotted and veined with purplish-carmine. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Dwarf Nasturtiums, Empress of India.

The leaves are of a dark purplish-blue color, making a suitable back-ground for the brilliant crimson-scarlet flower. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Dwarf Nasturtiums, Lady Bird.

The ground color of the flowers is rich golden-yellow, each petal barred with a broad vein of bright ruby-crimson. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Dwarf Nasturtiums, Spotted King.

Rich orange spotted with maroon. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Dwarf Nasturtiums, King Theodore.

Black-brown, dark leaves. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Dwarf Nasturtiums, Golden Queen.

Golden-yellow flowers on golden foliage. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Dwarf Nasturtiums, Crystal Palace Gem.

Rich sulphur-yellow, spotted with carmine. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Nasturtiums, Dwarf, Finest Mixed.

The best ever produced and not surpassed for gorgeousness of colors and brilliancy of effect, embracing every known good sort. In Dwarf Nasturtiums I consider my special mixed the best that money can buy. It is made up especially for critical buyers that have the money to spend for THE BEST ONLY. Dwarf Nasturtiums now rank with Sweet Peas and Pansies as a favorite and fashionable flower. Pkt., 25 seeds, 4 cts.; oz., 12 cts.; $\frac{1}{4}$ lb., 40 cts.

Good Mixed.

The same grade as is usually sold, and very fine. Pkt., 20 seeds, 3 cts.; oz., 8 cts.

New Climbing Nasturtiums.

Madam Gunther's Hybrids.

A new section obtained by artificial hybridizing, and distinguished by dark colored foliage and flowers of a richness and variety of coloring not to be found in any of the different classes of Nasturtiums heretofore grown. Colors in these new hybrids include various shades of rose, salmon, bright red, pale yellow, etc., either self-colored or spotted, mottled, striped and margined. Pkt., 30 seeds, 5 cts.; oz., 12 cts.; $\frac{1}{8}$ lb., 40 cts.

Tall Nasturtiums, Finest Mixed.

I also offer a special mixture of the Tall or Climbing Nasturtiums, made up on the same basis as the Dwarf Variety finest mixed, from the best named and brightest colors only. Pkt., 25 seeds, 4 cts.; oz., 10 cts.

Tall Nasturtiums, Good Mixed.

Free bloomers and many bright colors. Pkt., 20 seeds, 3 cts.; oz., 8 cts.

Tall Nasturtiums, Von Moltke.

Ruby rose. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Tall Nasturtiums.

Bright scarlet. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Tall Nasturtiums, Hemisphericum.

Yellow and pink. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

Tall Nasturtiums, Prince Henry.

Yellow mottled scarlet. Pkt., 25 seeds, 4 cts.; oz., 15 cts.

One packet each of all the varieties
of Nasturtiums, both tall and dwarf
(16 Pkts.), for 50 cents.

Nicotiana Affinis.

When its large, pure white flowers are fully expanded in the evening and early morning, it has a most striking effect, and is so fragrant that a small bed will perfume the whole surrounding atmosphere. If the plants are taken up in the fall, cut back and potted, they will bloom freely all winter in the house. Pkt., 150 seeds, 4 cts.

Nigella, Love-In-a-Mist..

Hardy annual, known as "Devil-in-Bush" and "Lady-in-Green" because the blossoms are partially concealed by the abundance of finely cut foliage. The plant and flower are both handsome, and require but little care. Pkt., 75 seeds, 3 cts.

Nolana.

Beautiful trailing plants, almost equal to the Portulaca for growing in masses, and unsurpassed for baskets, pots, vases or rock work. The flower is similar in shape to a morning glory. Pkt., 40 seeds, 3 cts.

Ornamental Grasses.

All the annual varieties mixed, many of them being really handsome in growth, and all of them desirable for winter bouquets, if cut while green and dried in the shade. Large Pkt., 4 cts.

Oenothera, Evening Primrose.

Saucer-shaped flowers of various colors and enormous size, often as large as Moonflower; very striking and fragrant. Pkt., 100 seeds, 3 cts.

Oxalis.

It is not generally known that these annual varieties of Oxalis are fully equal for edgings to the variety grown from bulbs. Mixed colors. Pkt., 100 seeds, 3 cts.

Maurandia.

A beautiful, rapid, graceful climber, for greenhouse, parlor, basket, or outdoor purposes, with rich purple, white and rose, fox-glove-shaped blossoms. Pkt., 100 seeds, 3 cts.

Mina Lobata.

Half hardy Mexican climbing annual. The buds are at first of vivid red, but turn to orange-yellow immediately before they open and when fully expanded the flowers are of a creamy white shade. Pkt., 12 seeds, 4 cts.

"THIS novelty is specially distinguished from other Pansies by the plant being full and spreading with very broad and extremely dark green leaves. The straight and stiff stems it possesses cause the flowers to stand out well from the foliage. The colors of the blossom range through all the shades of red,

from a pink to a fine deep purple, with an intermediate bright red edged with white. The face of the flower in some cases is regular in color, while in others it is lined and striped. The extraordinary size of the flowers, which reach as much as 3 to $3\frac{1}{2}$ inches in diameter, make it a novelty of the first rank, and one that is sure to be sought after by lovers of Pansies."

PANSY. "New Giant Madame Perret," or Wine Pansy

Per Packet, 100 Seeds, 10 Cents.

Sweet Scented Pansies.

The Perfume of the Violet.

The Beauty of the Pansy.

This new class is the result of crossing the Pausy (*viola tricolor*) with the Sweet Violet (*viola cornuta*); the resulting hybrids, in addition to retaining the delightful Violet Perfume, produce the most beautiful Pansy-like blossoms, 2 to 2½ inches across, of great substance and of an endless variety of colors. They are not all equally fragrant, though the majority are as highly scented as the sweetest Violet, and the other high merits of this new strain, aside from their perfume, destine them to wide popularity. Mixed colors. Pkt., 100 seeds, 5 cts.

Fire King Pansy.

This novelty comes almost absolutely true, scarcely a plant bearing flowers at variance from the type, which is very distinct and striking. The three lower petals each have a large blotch of deep brown-red or magenta, margined with yellow, while the upper petals are of a bright reddish-brown, of a *real fiery shade*, warranting the name of Fire King. Pkt., 100 seeds, 4 cts.

Snow Queen Pansy.

Pure satiny white with yellow dot in center of flower, sometimes marked near center with faint blue or purple lines; altogether the least picturesque of any of the different classes of Pansies; it is very highly prized by a great many pansy lovers for just that reason. Pkt., 100 seeds, 4 cts.

Peacock Pansy.

A beautiful variety of ultramarine blue in the upper petals of the flower, edged with a thin white line, within which is a space of purplish crimson, passing into a rich central blotch of deep blue, shading to black. Named "Peacock" because the blending colors resemble the feathers of a peacock. Pkt., 100 seeds, 4 cts.

New Imperial German Pansy.

This mixture embraces seed of over fifty colors and markings, and is guaranteed to equal any strain offered as Imperial German. Pkt., 100 seeds, 5 cts.

Royal Show Pansies.

Royal Show Pansies

Is a mixture especially prepared by myself from separate strains and colors of all the largest flowering and finest varieties that can be secured in Europe, and is unsurpassed in beauty, colorings and markings. Pkt., 50 seeds, 6 cts.; Pkt., 100 seeds, 10 cts.

Pansy, President Carnot.

Flowers of great size and rounded form; the center of each of the large, rounded petals is heavily blotched with a soft, rich shade of violet-purple. The edges distinctly outlined with a snowy-white band, in the center of the lower petals the color deepens to a velvety brown tint, contrasting richly with the yellow of the small, distinct eye. Pkt., 100 seeds, 8 cts.

Pansy, Emperor William.

Ultramarine blue with violet eye. Pkt., 100 seeds, 4 cts.

Black Prince Pansy.

A distinct pansy of sterling merit. The rich, glossy black has a peculiarly soft, velvety appearance, the magnificent large flowers are of fine circular form and carried upright well above the foliage; the plants are of very compact, husky habit, and flower so profusely that the bed of the Black Prince makes a sight not often equalled. Pkt., 100 seeds, 6 cts.

New Giant Trimardeau Pansy.

Remarkable for the extra large size of the flowers, which, however, are not so circular in form as the "Imperial German" or the "Royal Show." Pkt., 100 seeds, 6 cts.

Notice. = One packet each of the sixteen varieties (including New Madam Perret) of pansies for 65 cts.

MISS C. CHILIPPINGOTT
MINNEAPOLIS MINN.

Giant White PANSY

Giant White Spotted Pansy.

The flowers are very large, pure white with a violet blotch on the three lower petals, of good form and substance. Pkt., 100 seeds, 6 cts.

New Red Mixed Pansy.

The most brilliant Pansy Mixture ever offered, made up from a collection of all the best red and fiery shades which have been produced up to date by the expert Pansy growers of Europe and America. If you want *red* pansies try this mixture. Pkt., 100 seeds, 5 cts.

Pansy.

Good Mixed. Fine for bedding. Many rich colors. Pkt., 100 seeds, 3 cts.

Giant Yellow PRINCE PANSY

Giant Yellow Prince Pansy.

The color is pure golden yellow, shaded canary, sometimes with the three lower petals marked with purplish or red blotches and hair hues. It is impossible to reproduce by means of the printer's art the grand depth of brilliant color presented by this beautiful Pansy when well grown. Pkt., 100 seeds, 6 cts.

Emperor Frederick Pansy.

The first color is deep, velvety brown, shaded into a narrow band of deep golden yellow, which borders each petal. The perfect flowers show a distinct face, marking a rich gold and deep brown. Pkt., 100 seeds, 4 cts.

MISS C. H. CLIPPING
37
MINNEAPOLIS,
MINN.

Petunia, Double.

Finest varieties carefully fecundated with best double flowers, and will produce from twenty-five to forty per cent of double flowering plants. Some double, fringed in all shades of colors existing in Petunias and the blossoms that come single will be of the grandiflora type. Pkt., 50 seeds, 10 cts.

Petunia, Lady of the Lake.

Some magnificent, double, pure white, beautifully fringed can be obtained from this strain. Produces about twenty to thirty per cent of double flowers. Pkt., 50 seeds, 10 cts.

Single Petunia, Snowball.

Grows about eight inches high, with pure satiny white flowers, and makes a beautiful edging or bedding plant. Pkt., 100 seeds, 4 cts.

New Star Petunia.

An exquisite variety either for the garden or pot culture, each flower having distinct white, star-like stripes, on rich purplish-red ground. Pkt., 100 seeds, 4 cts.

Petunia, Hybrida. Finest Mixed.

A splendid mixture, embracing all colors. They are excellent for bedding or massing. Pkt., 150 seeds, 5 cts.

Petunia, Hybrida. Good Mixed.

Many colors and a good bedding variety. Pkt., 100 seeds, 3 cts.

Portulaca, Double Flowering.

One of the most showy and beautiful annuals, with abundant, highly-colored flowers. For baskets, beds, masses or edgings it is invaluable. The seed I offer has been saved with extra care from the finest colors and will give a good proportion of double flowers. Pkt., 300 seeds, 4 cts.

Miss Bertha Newland, Boise, Idaho, July 25, 1902, writes: — At some time ago I received some seeds which I ordered from you I now write to tell you of their merits. I never as long as I have gotten flower seeds from you had anything but a success. My Sweet Peas are the loveliest I ever saw, some of the most beautiful colors and large double ones. I pick them every other day and still they are full of blossoms. And the same way with my Nasturtiums; they are just lovely; so many blossoms and different shades and colors. Your flowers well deserve the name of "best in the world."

Petunia, Grandiflora. Large Flowering.

MIXED.

The largest flowering and richest colored variety in cultivation. Single flowers frequently measure over 5 inches in diameter, ruffled or fringed on the edges and beautifully veined with various shades of purple, rose, lavender, yellow and crimson. Pkt., 100 seeds, 8 cts.

Phlox Drummondii Grandiflora.

Their long duration in bloom, combined with their almost unequalled richness of color, renders them of invaluable service in the flower garden. The colors range in every conceivable shade, producing flowers twice the size of common Phlox. Pkt., 100 seeds, 4 cts.; large pkt., 200 seeds, 6 cts.

Flora A. Bonsecom, Alverno, Mich., March 31, 1902:—Have planted your seeds for the last three years. Haven't had a failure yet. Your Asters and Verbenas are beautiful.

Phlox, Large Flowering, Brilliant Scarlet.

A most effectual color for bedding. Pkt., 100 seeds, 4 cts.

Phlox, Large Flowering, Pure White.

Large, round flowers of splendid substance. Pkt., 100 seeds, 4 cts.

Phloxes, "Starred and Fringed."

These "*Starred and Fringed Phloxes*" are really entitled to rank as a new race. In the *Fringed Flowers*, the petals are partly fimbriated and partly three toothed, in more than 20 distinct shades. In the *Starred Phloxes*, the pointed central teeth of the petals are five or six times as long as the lateral ones and project beyond them like little spines, giving the flowers a *star-like form*. Pkt., 100 seeds, 4 cts.

Phlox, Hortensia Flowered.

These are undoubtedly one of the handsomest species of the Phlox family. The flowers are borne in large umbels, just like a Hydrangea. Pkt., 100 seeds, 5 cts.

Phlox Drummondii, Good Mixed.

Invaluable for bedding and cut flowers; an excellent strain. Pkt., 100 seeds, 3 cts.

Phlox, Double Flowering.

A very desirable class. Flowers are double and semi-double and last much longer than those of the single Phlox. The white is especially valuable as a cut flower. All colors mixed. Pkt., 100 seeds, 5 cts.

Phlox, New Yellow.

New yellow Phlox is a rich straw yellow of warm and glowing tone, flowers extra large and fine form. Pkt., 100 seeds, 6 cts.

Phlox, Large Flowered.

Pure pink. Pkt., 100 seeds, 6 cts.

Phlox, Perennial, Choicest Mixed.

The varieties of the perennial Phlox are among the choicest of our flowers for bedding and border plants. They are hardy and need no protection; will flourish in any soil, succeeding better, however, in deep, rich, rather moist, ground. Pkt., 25 seeds, 5 cts.

NOTICE:--One packet each of the entire collection of Phlox, Ten Pkts., for 35 cts.

Primula Sinensis.

Chinese Primrose.

Many persons seem to think Primulas are successfully propagated only in a greenhouse, hence we find amateurs often reluctant to attempt their culture. They are unequalled as winter bloomers, easily grown if the right conditions are observed, and give a succession of flowers throughout the season, and are prized for both the beauty and their delicate fragrance. Single fringed finest mixed, pkt., 40 seeds, 8 cts. Good mixed, pkt., 40 seeds, 6 cts.

Primula, Double.

Best mixed, all colors. Pkt., 30 seeds, 14 cts.

Primula Obconica.

Primula Obconica is as near an everblooming plant as it is possible to obtain. It has been known to flower for over twelve months without a break. Pkt., 40 seeds, 5 cts.

Lillie Zetterman, Ong, Neb., Feb. 3, 1902, writes:—I am very much pleased with your seeds. The Cosmos you sent me last spring were very beautiful; they bloomed until frost.

Star Primula.

Primula Stellata Hybrida.

Many of the blooms are equal in form and purity of color to those of the Chinese Primula, and, as they last longer and the plants can be much more easily grown, they deserve to be widely cultivated. Of the seed now offered, the mixture contains seven charming and distinct colors. Pkt., 8 cts.

The Mexican Primrose.

The superb colors, combined with airy grace and beautiful form, goes to make a flower which is almost perfection. The plant seldom grows over ten inches in height, but inclines to a trailing habit, sweeping its branches out over the ground, or drooping over the sides of the pot, holding its large silky flowers erect; as a window plant it combines great hardiness and ease of culture with unrivaled beauty and profusion of bloom. In the open ground it grows freely and blooms profusely; will thrive well under any and all conditions and bloom the year round in pots or during the spring, summer and fall in the garden. Pkt., 40 seeds, 6 cts

Poppy, The Shirley.

It is perfectly hardy and flowers the first season from seed. The flowers are large, exceedingly graceful and elegant; the colors are pure, soft and varied, and range from blushing white rose, delicate pink and carmine, through innumerable tints to bright sparkling crimson. Pkt., 200 seeds, 4 cts.

Hardy Perennial Poppies.

Orientale. A charming summer-flowering plant, producing numerous leafy stems about 2½ feet high, which are covered with deep crimson flowers. Pkt., 100 seeds, 5 cts.

Double Poppies, Mixed.

For dazzling richness and variety of colors, the flowers are unequalled. Simply scatter the seeds in the open ground and a mass of beauty will result which will be a constant source of pleasure. Pkt., 200 seeds, 4 cts.

Iceland Poppies.

These fine perennial poppies produce flowers in great abundance the first year from the seed. The colors range from the purest white and yellow to the deepest glowing orange-scarlet, and have a delicious fragrance. For vase or house decorations they rank among the loveliest, Mixed colors. Pkt., 100 seeds, 4 cts.

Mrs. Geo. Riley, Bethel, Vt., writes:—I was very much pleased with what seeds I bought of you last year and send a larger order this time. They are much cheaper than those at the stores.

New Dwarf Rose.

Rose, Multiflora True.

With seed of these new Roses plants may be had in bloom in 60 days from time of sowing. Plant at any time. They grow quickly and flowers appear in large clusters, and in such quantity that a plant looks like a bouquet. Perfectly hardy in the garden, where they bloom all summer. In pots they bloom both summer and winter. From a packet of seed one will get Roses of various colors —white, pink, crimson, etc.—no two alike and mostly perfectly double and very sweet. Pkt., 30 seeds, 8 cts.

Passion Flower, Incarnata.

(May Pops.)

Handsome rapid growing climber for greenhouse or sunny position in open ground. Flesh white with purple rays; blossoms first season from seeds. Pkt., 20 seeds, 8 cts.

Ricinus Zanzibariensis.

Ricinus Zanzibariensis.

An entirely new class from Africa, with leaves often measuring two feet across; the seeds are marbled, speckled and spotted. Pkt., 6 seeds, 4 cts.

Ricinus, Cambogiensis.

Large, palm-like leaves of a brilliant, bronzy-red maroon color with large red veins. Pkt., 6 seeds, 4 cts.

Ricinus, Castor-Oil Bean.

Many choice varieties mixed. Pkt., 6 seeds, 3 cts.

Stock, White Perpetual. (Princess Alice.)

The individual flowers are uncommonly large, of a fine rosette-like shape, and of the purest possible white. If sown early will produce a great abundance of bloom from June until November. Pkt., 50 seeds, 5 cts.

MISS C.H.LIPPINCOTT
MINNEAPOLIS,
MINN.
41

Stock.

Peach Blossom.

The plants are of neat pyramidal habit of growth, crowned with magnificent heads of beautiful shaped, perfectly double, sweet scented flowers of a delicate peach blossom color. For beauty and long continuance of bloom it is unsurpassed; and the delightful fragrance renders it very desirable for bouquets, etc. Pkt., 50 seeds, 4 cts.

Sweet Sultan.

Yellow.

(*Centaurea Suaveolens*.)

Very showy, hardy, annual, 1½ feet high, bearing large, bright-yellow flowers; sweetly scented; a fine cut flower. Pkt., 50 seeds, 5 cts.

Stocks, Ten-Weeks.

The Largest Flowering Globe Pyramidal.

Immense spikes of perfectly double flowers, pyramidal in shape, the individual blooms frequently measuring from 2 to 2½ inches in diameter, ranging in colors from crimson, rose, white, blue, lilac, brown and yellow. They are greatly prized for cut flowers on account of their fragrance and diversity of colors. Pkt., 50 seeds, 4 cts.

Stocks, Dwarf German Ten-Weeks.

Fine mixed. Pkt., 50 seeds, 3 cts.

Sweet Fern. Pkt., 300 seeds, 5 cts.

Schizanthus, Butterfly Flower.

Elegant and very free blooming annuals; of much interest and beauty, and when well grown rival in singularity of colors and markings of the orchids; large flowers spotted with crimson, lilac, purple and yellow, and the petals are cut in a picturesque manner. In pots in the conservatory or house few plants are more attractive; also elegant in a bouquet or vase, and fine for bedding. Pkt., 150 seeds, 3 cts.

Mrs. J. F. Hendren, Elkin, N. C., April 1, 1902, writes—I received the collection of four packets of seeds with your pretty catalogue and *Floral Culture*, for which I thank you very much. *Floral Culture* is of inestimable value to an amateur.

Mrs. Will Ellis, Baker City, Oregon, April 9, 1902, writes—I have used your seeds for years and like them very much.

Scarlet Sage, *Salvia Splendens*.

One of the grandest plants in cultivation—a bed of them surpassing the finest scarlet geraniums in brilliancy and continuous bloom; the lower spikes often measure ten to twelve inches in length and there are as many as two hundred spikes on a well grown plant. From the time they first begin to flower, the plants are never out of bloom until killed by late frosts. It is easily grown from seed and the purchase of plants should be abandoned. Pkt., 30 seeds, 4 cts.

Salvia Farinacea.

The plants form dwarf, compact bushes, with long spikes of beautiful blue flowers, which makes a charming contrast when grown with the scarlet described above. Pkt., 40 seeds, 4 cts.

Mrs. S. J. Mooney, Watertown, N. Y., April 7, 1902, writes:—I secured several first and second prizes at our county fair last year on flowers raised from seed bought of you. Your Petunia Grandiflora took the first prize.

Smilax.

One of the most desirable window vines on account of its charming, glossy green, elegant and graceful foliage, and will grow several feet high the first season. Started in the spring, it affords elegant trellis plants for the house in winter; also fine for hanging baskets. Pkt., 50 seeds, 4 cts.; $\frac{1}{4}$ oz., 18 cts.

Senecio Elegans.

A beautiful free-flowering annual, dense heads of bloom, and of very compact and regular habit of growth, and when planted close together makes an effective bed, as the flowers completely cover the plants. The flowers are a fine lustrous purple-red, bright crimson, rose-colored and pure white, perfectly double and imbricated; very valuable for bouquets. Pkt., 100 seeds, 3 cts.

Salpiglossis, Grandiflora.

The graceful flowers, borne on long stems, range in color from the most delicate shades of light blue and straw color to the deepest purple and richest brown and maroon. The quaint funnel-shaped flowers somewhat resemble those of the petunia, and are borne on long stems in great profusion. The metallic gloss and distinct veining of the petals present almost the appearance of jeweled enamels. Large flowering mixed. Pkt., 150 seeds, 3 cts.

*Sweet Rocket, *Hesepsis*.*

The Sweet Rocket produces clusters of flowers, which are very fragrant during the evening. The seed rapidly germinates in the open ground with very little care. Hardy perennial, one and a half feet high. Pkt., 100 seeds, 3 cts.

Mrs. Ralph Jordan, Switzer, S. C., March 1, 1902, writes:—I planted your flower seeds last year and was convinced they were the best I have ever planted. Had some fine specimens. Let me wish you much success as the best seeds woman.

Sweet William, Dianthus Barbatus.

The Sweet William is one of the finest flowering plants among the hardy perennials. The flowers have a wide range of bright colors and varied markings, including the finest auricula-eyed varieties. Single and double mixed. Pkt., 100 seeds, 3 cts.

Solanum, Jerusalem Cherry.

A miniature orange tree, covered all winter with a profusion of scarlet fruit. The foliage is very beautiful but the fruit is the chief attraction. Pkt., 50 seeds, 3 cts.

Snowball Scabiosa.

The flowers are very large, measuring fully two inches in diameter, of purest white and very double. It comes quite true from seed. Pkt., 50 seeds, 4 cts.

Scabiosa, Double Black.

A new variety, with elegant double black-purple flowers, so deep in color as to appear nearly coal black. Pkt., 50 seeds, 4 cts.

Scabiosa.

Mixed double, all colors. Pkt., 75 seeds, 3 cts.

Violet, Viola.

The Violet should not be wanting in any garden, on account of its fragrance and early appearance. A single flower will perfume a whole room. Succeeds best in a shady, sheltered place, and can be easily increased by dividing the roots. Finest mixed. Pkt., 100 seeds, 4 cts.

Vinca Rosea.

A free-flowering perennial, with glossy, green foliage and beautiful circular flowers of a fine rose color. If sown early under glass and transplanted in a warm situation, will bloom in the summer and autumn, and may be potted for the house before frost. Pkt., 100 seeds, 3 cts.

Sally Bird Young, Marietta, Miss., April 15, 1900, writes:—My mother patronized you some ten years ago and was always delighted with the success she had with your seed, and she is glad to know that you are succeeding so well.

For List of Plants See FLORAL CULTURE, a copy of which will be sent free on application. Make order for plants on separate sheet of paper from seed order, and address to
MISS LIPPINCOTT.

Apple Blossom—Bright, rosy pink standards, blush wings. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Blanche Ferry—Beautiful combination of pink and white, very fragrant. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Blushing Beauty—Very fine and extra large; rich, soft, fleshy rose. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Black Knight—Flowers of large size and finely expanded. Standard a rich wine-brown or deep claret; wings heavily shaded with brownish purple. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Bronze King—Very novel and unique. Standard of a curious terra-cotta tint, supposed to be bronze; wings ivory white. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Butterfly—Standard and wings white, faintly suffused lavender; entire flower edged with blue. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Captain of the Blues—The nearest approach to blue. Of large expanded form, standards purple-mauve, wings lighter, shading to pale blue. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Countess of Radnor—Standards light mauve, fading into a soft lavender, wings of lighter shade. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Coquette—Deep primrose shaded fawn. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Countess of Powls—A glowing orange suffused with light purple, very novel. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Firefly—Best and brightest of scarlets. Standard fiery scarlet, wings crimson scarlet. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Gailey—Bright and lively stripes of crimson on white ground. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Mrs. Jos. Chamberlain—One of the largest and handsomest of Eckford's latest novelties. The color is very effective, the whole flower having a white ground which is heavily striped with rose. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Katherine Tracy—Soft, but brilliant pink, of precisely the same shade in wings and standard. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Lady Mary Currie—A deep orange pink, delicately shaded rosy-lilac. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Navy Blue—A most distinct and striking color in Sweet Peas. The general effect is of a rich, deep **true blue**, though on close examination the shade in the standards is a deep lavender-purple, suffused throughout with a faint tint of claret or wine-red, while the wings are a rich violet-purple. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Ramona—Soft, flesh-pink stripes on white ground, very dainty and delicate. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Saddle Burpee—Pure white, extra large flowers, selected stock. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Venus—Of the largest expanded form; color a rich salmon-buff. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Waverly—Standard rosy-claret; wings blue, shaded and laced with rose. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

C. Louise Pearce, 733 Grand Ave., St. Paul, Minn. Aug. 28th, 1902, writes:—The seeds I bought from you this spring have brought forth such beautiful flowers I thought I would just write and tell you about them. The Sweet Peas are really the finest I ever have seen, such mammoth ones and such beautiful colors. The Zinnias, of which I have a border across the back of my yard, are very, very pretty; some I think are as beautiful as roses. Nasturtiums—why, you never saw such a wealth of color as that bed was. The best bed of all is my Pansy bed. Some are two and one-half inches across, and such quantities of blossoms as I do have. I love gardening and I think this is one reason my flowers have done so well,—flowers need a great deal of care and attention.

Lady Nina Balfour. Large, expanded form with flowers beautifully hooded; both standards and wings are well rounded and broadly spreading. Coloring a pale lavender or lilac, free from any reddish tint, and when gathered in bunches gives the effect of a soft mouse tint. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Prince of Wales. A bright, self-colored, deep-rose flower of grand size and beautifully hooded form; frequently four on a stem. A greatly improved *Her Majesty*; one of Eckford's finest. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Queen Victoria. The nearest approach to yellow in Sweet Peas. Color a soft primrose-yellow, slightly overlaid with faint purple, which imparts a much deeper tone. Flowers of very large size and finest form, erect, slightly pointed, with edges finely recurved. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Salopian. Flowers of large size, beautifully rich, deep glowing crimson tinged with orange-scarlet. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Stanley. Rich, glossy, dark maroon, of large, expanded form. Pkt., 100 seeds, 5 cts.; oz., 8 cts.

Triumph. Flowers of grand, large size and most beautiful coloring. Standard stiffly erect, broadly expanded; color white, suffused with salmon-pink, tinted with carmine at the base; wings widely spread, delicately veined with rosy carmine, shading to deep rose in the center. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

New Double Sweet Pea.

Double Sweet Peas are of incomparable beauty. The plants are of extremely robust growth, producing a lavish profusion of richly fragrant flowers; the flowers are extra large, frequently measuring over two inches across. They will not all come double, but if the plants are grown strong and luxuriant, they usually produce from 20 to 40 per cent. of double blossoms. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Sweet Peas, Best New Mixed.

Owing to a special demand for all the new and finer named varieties, I have selected all the large flowering and most distinct sorts, especially for those that can afford to pay for the scarce and rarer varieties that heretofore have been too expensive to include in a mixture, including in all some twenty-five or thirty named varieties. This I call my **best mixed** and I can particularly recommend it as extra choice and fine. Pkt., 100 seeds, 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 90 cts.

Sweet Peas, Fine Mixed.

This strain, although not embracing the new seedlings, contains a beautiful assortment of the famous **Eckford Sweet Peas**. Pkt., 100 seeds, 4 cts.; oz., 8 cts.; $\frac{1}{4}$ lb., 20 cts.; lb., 65 cts.

Good Mixed. Pkt., 75 seeds, 3 cts.; oz., 6 cts.; $\frac{1}{4}$ lb., 15 cts.; lb., 45 cts.

One Pkt. each of the entire collection (30 pkts.) for \$1.00. This includes one pkt. of New Double, Best Mixed, Pink and White Cupid.

New Dwarf Pink Cupid Sweet Pea.

Pink Cupid. Bears generally three and sometimes four flowers to a stem. The flowers are identical with the tall-growing *Blanche Ferry* and are always fully equal in size. The standard is a bright rose pink, while the wings are pure white or light pink. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

New Dwarf White Cupid Sweet Pea.

Grows but five inches high and blooms so freely for months that it appears a perfect mass of white—the leaves being quite hidden. The flowers, of fine form and large size, are of the most perfect white, and the plants remain in full bloom two months longer than any other Sweet Pea. Useful for bedding. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Mammoth Verbena.

Flowers of unusual size, single flowers sometimes being as large as a twenty-five cent piece, while the clusters of bloom are magnificent, and the range of color more vivid than in any other mixture. For garden beds or massing, the Verbena is unrivaled; flowers of the most brilliant color, blooming continually from spring until late in the autumn. Although perennials, they bloom profusely the first season from seed. Pkt., 100 seeds, 6 cts.

Pure White Verbena.

Candidissima.

A fine strain of large flowering, pure white Hybrid Verbena; trusses large and borne freely at all times; always comes true from seed. Pkt., 50 seeds, 4 cts.

Striped Verbena.

Very showy striped flowers of many bright colors. Pkt., 75 seeds, 4 cts.

Defiance, Verbena.

True, brightest scarlet. Pkt., 50 seeds, 4 cts.

Verbena Hybrida.

Fine mixed, from a splendid range of colors. Pkt., 75 seeds, 3 cts.

Verbena Odorata.

This lovely Verbena is hardy; seed may be sown in the open ground early in the spring. The blossoms, instead of being in clusters, run up into spikes three or four inches long, and are very sweet scented. Pkt., 75 seeds, 3 cts.

Lemon Verbena.

This elegant, fragrant plant is easily grown from seed and succeeds anywhere. Have a good bed of it in the garden every summer, that you can cut its fragrant foliage and flowers to make up with bouquets. Pkt., 100 seeds, 4 cts.

Perennial Peas, Lathyrus.

They do not have the delicious fragrance of the Sweet Peas, but they are equally beautiful. They are perfectly hardy and live year after year bearing magnificent clusters of flowers and bloom early in the spring. Pkt., 25 seeds, 3 cts.

Thunbergia, Black-Eyed Susan.

Very elegant, slender-growing climbers, rapidly covering wire trellises, and also useful for vases in the garden or house. The colors are pure white, light yellow and deep orange. They continue in flower all summer. Mixed. Pkt., 20 seeds, 3 cts.

Mrs. John W. Keller, Nescopeck, Penn., February 25, 1902:—I have some beauties of Gloxinia from the seed I got of you last spring.

Mrs. A. L. Hunt, Brownsville, Tenn., April 14, 1902, writes:—I have Geraniums, raised from your seed last year, in bloom that are beauties.

Miss Annie Morisey, Pelham, Mass., February 7, 1902:—Last spring I sent to you for a packet of Gloxinia which you advertised, 50 seeds for 6 cents. I had 169 healthy plants. As I could not care for so many through the cold winter, I remembered my friends with as many as they wished, reserving the unlucky number of 13 for myself.

WALL FLOWER **SINGLE PARISIAN**

J.G. OUSEY,
ADAMS & CO., PA.

Wallflowers are the most deliciously fragrant of all garden flowers; their cultivation has been restricted, however, because they did not bloom until the year after the seed was sown; this new annual variety will flower throughout the summer and fall from seed sown the same spring. Everyone should now grow some and enjoy the pleasing fragrance of the cinnamon-colored flowers. Pkt., 75 seeds, 4 cts.

Wallflower. Double, Mixed.

Spikes of deliciously fragrant double flowers, combining many shades of color, chocolate and orange, purple predominating. Pkt., 50 seeds, 4 cts.

Zinnias. Curled and Crested.

Very beautiful and curious new strain, with large heads of flowers, beautifully crimped and curled. Pkt., 50 seeds, 5 cts.

MISS C.H. LIPPINCOTT
47
MINNEAPOLIS, MINN.

New Giant Zinnias.

A new class of Zinnias, giant in size and perfectly double flowers of the richest and most varied colors and shapes. The plants grow about three feet high and bloom freely during a long period, making them particularly valuable for large groups. Pkt., 50 seeds, 5 cts.

Zinnias, Double Lilliput.

Dwarf, compact bushes, bearing very small, perfectly double, pompon-shaped flowers of the brightest colors, which cover the plant during the entire summer and until frost sets in. The flowers embrace a wide range of both light and dark colors, evenly distributed. Pkt., 50 seeds, 5 cts.

Zinnia.

Choice double mixed. Pkt., 50 seeds, 3 cts.

A Beautiful Lawn

With its close, velvety turf, is a most essential feature in the adornment of all suburban homes—with it the finest flowering plants and bedding seem insignificant, while with it handsome grounds are assured, even with no other adornment.

ABOUT APRIL 1st IS THE BEST TIME TO MAKE LAWN

Lawn Grass Seed

Is composed of a mixture of grasses best adapted to produce a permanent and fine turf, so that a rich, deep green, velvety lawn is constantly maintained.

The Entire Collection One full-sized package each of the above 15 varieties, mailed to any address FOR 25 CENTS, or SIX COLLECTIONS FOR \$1.00.

Why give 25 cents for a single plant that will bear only half a dozen flowers in a season, when the same 25 cents will buy this complete assortment of 15 easy growing annual varieties, sufficient to plant your garden? REMEMBER I cannot make a single change in this collection, and no other varieties can be sold at this price, neither can it be selected as a premium.

A Bargain Collection of FLOWER SEEDS For Twelve Cents.

10 Choice Annuals. (Everybody's Favorites), all new, fresh seeds, sure to grow and bloom this season. Pansy, 40 colors and markings; Phlox, 20 colors; Verbena, 6 colors; Plinks, 10 colors; Petunia, 10 colors; Asters, 12 colors; Balsam, 8 colors; Sweet Peas, 20 colors; Mignonette, sweet, and Sweet Alyssum.

FOR 12 CENTS and the name and address of two of your friends who grow flowers I will send, post-paid, the complete collection, one packet each of the ten varieties (enough for any ordinary garden). This is a **BONA FIDE** offer; made to introduce my flower seeds to new customers and which I guarantee to please you, or the amount paid refunded and the seeds given as a present.

WILD FLOWER GARDEN. CHOICE MIXED SEEDS. A mixture of many varieties of beautiful, easily growing flowers, producing a constant and varied bloom the whole season, and is especially suited for those who wish only a few seeds each of the LEADING VARIETIES, or a much more extensive collection than their means will permit. In no other manner can so many seeds be obtained for such a SMALL COST. The mixture is especially prepared from choice, fresh seeds, the colors and varieties being carefully proportioned, and will be found superior to any mixture offered. They are very useful for sowing alongside the garden fence, and on untidy bare spots of ground and cannot fail to GIVE SATISFACTION. Pkt., 300 seeds, 4 cents; ounce, 14 cents.
